LAST WEEK'S REVIEW OF SOME CHARTS THAT MOVED, EITHER UP OR DOWN

Last week: Century Ply – Close around a critical support zone at 220.

Century Ply – Moved beyond the critical support zone of 220 to 233.

2 weeks back >> KSB Ltd – Double bottom breakout

KSB Ltd – Double bottom breakout confirmed and stock has moved from 578 to 635 in 2 weeks

Last week: Sundaram Clayton – Broken out conclusively of multiyear downtrend; making higher highs and lower lows

(c) Chartink.com

Sundaram Clayton – Excellent move from 2184 to 2679 in a week. With the breakout from the resistance around 2370, there is potential for more upside.

Last Week: Snowman Logistics – Near key resistance zone. Breakout of the 70 levels could see more upside

Snowman Logistics – Classical case of breakout failure. The stock was not able to break the resistance at 70, and corrected sharply back to previous support zone.

THIS WEEK'S INTERESTING CHARTS

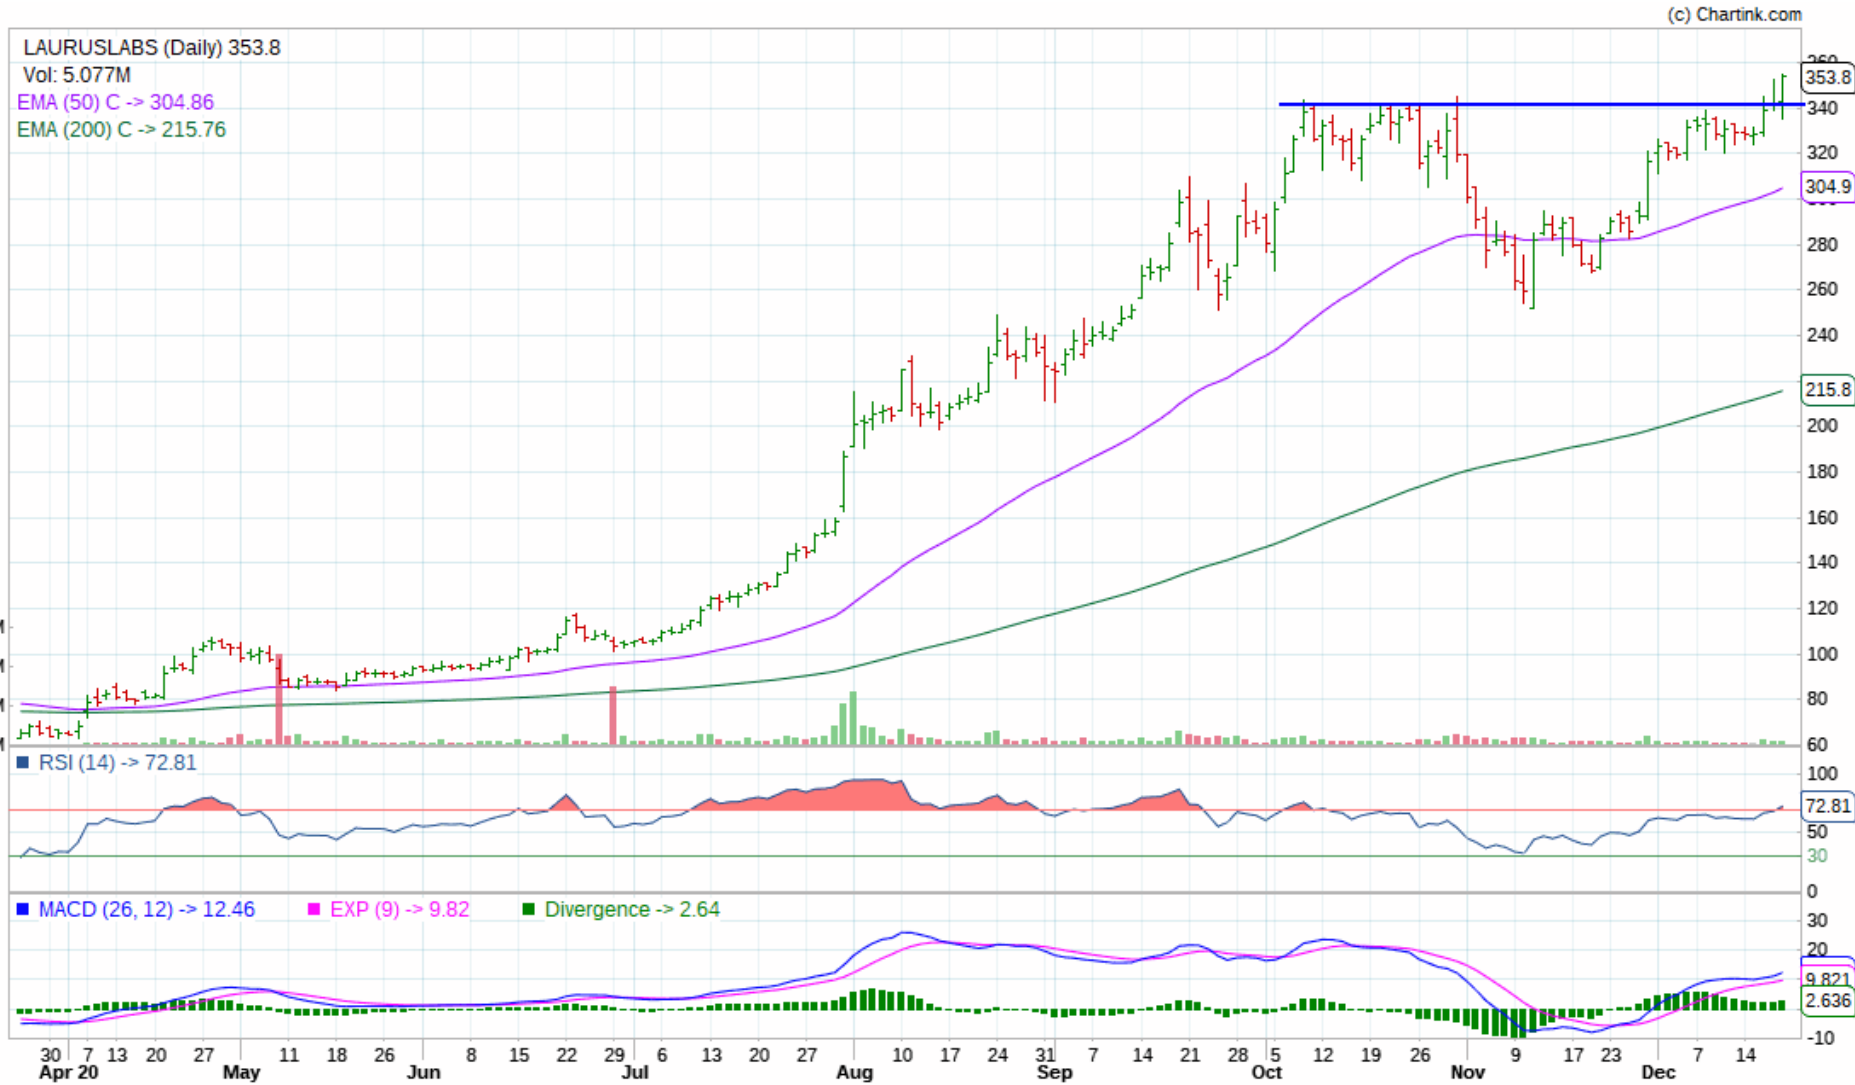

Birlasoft – Breakout of pennant with strong RSI

GMDC – Breakout and retest of resistance / support zone

Laurus Labs – Inverse Head & Shoulders (IH&S) formation breakout.

Alembic Pharma – Rounding bottom pattern. Signs of accumulation is clear. Now waiting for a breakout or a handle formation for making a cup & handle.
